

Southside has chosen the book *The Cat In The Hat*. This book was chosen because it's fun, the students love the silly rhymes and illustrations. *The Cat In The Hat* covers many objectives to target the student's learning process. The objectives we focused on while completing the activities were:

Literacy-The student will demonstrate phonological awareness, phonics skills and word recognition. The students will demonstrate knowledge of print and it's uses. Lastly the students will notice and discriminate rhyme.

Mathematics- The students will use number concepts and operations as well as counting and quantifies.

The students had a great time creating the cat in the hat activities as well as reading the story with all of the fun vocabulary and silly sounds.

Fish Bowl Count Activity

The students will participate in a Read A Loud of **The Cat In The Hat** with the classroom teacher

The students will use a small fishing rod with a magnet to catch the fish in the fishbowl similar to the ones seen in the book

The students will have 3 attempts to catch colorful fish out of the bowl

Once the students have caught the fish, They will count the fish that were caught

This will continue until all friends in the group has had a turn with the Fish Bowl Count Game!

Have Fun!

Objective :This game will allow students to use number concepts and operations as well as counting and quantifies.

Rhyming Game Activity

The students will identify the pictures attached to the hat

The teacher will encourage the student to find a rhyming word that is associated with the identified picture in the book

The student will open the window on the hat to find the rhyming word

The student is successful with locating the rhyming words!!!

Literacy-The student will demonstrate phonological awareness, phonics skills and word recognition. The students will demonstrate knowledge of print and it's uses. Lastly the students will notice and discriminate rhyme.
